Major National Top 150 Company

Our client is a large and successful group servicing the industrial, construction and mining sectors with operations throughout Australia and overseas. Recent substantial growth and an internal promotion has created the below professional position.

Financial Accountant

- Belmont based career position
- Negotiable salary package

Applicants must be tertiary qualified Accountants with an appropriate professional membership and a minimum of 3 years post-graduate experience. Previous experience in an industrial, construction or resource environment will be highly regarded.

Reporting to the Commercial Manager, the key responsibilities are the daily accounting functions and include the preparation and completion of all financial accounts and all general ledger reconciliations. Other tasks include an end of month procedure, FBT returns, fixed assets, budgets, forecasting and continuous improvement of financial and administrative processes.

Some skills required to perform the duties are:
- Considerable experience in a computerised general ledger equivalent financial systems environment
- Comprehensive knowledge of relevant accounting principles and practices in relation to general ledger
- Well developed computing skills including spreadsheet software and a “can do hands on” approach
- Excellent communication and interpersonal skills
- The ability to work with financial and non-financial staff.

The successful candidate will be self motivated and will promote a positive working environment. You will ensure that all communication to the management team is accurate, timely and informative.

The position offers a rare challenge and has tremendous potential for career development. Working conditions are excellent combined with a superb team spirit. A salary package will be negotiated commensurate with qualifications and experience.

Please apply in confidence to Terry Swift, preferably via email, to the address provided by Wednesday 7th June 2006. Initial enquiries welcome on 0412 952 696.
